

DO YOU KNOW THE DIFFERENCE BETWEEN THE **NYC Schools Account** AND THE **MySCHOOLS Account**?

The NYC Schools Account (NYCSA) and the MySchoools Account are not the same. The similar names often cause confusion. I hope this will help clear up the differences.

For questions about
creating a MySchoools
account, contact:

Ms. Julie Ferrara

Guidance Counselor

This account is most familiar to fifth grade teachers and parents because their students need it to apply to middle school and parents have been using this procedure for the past few years.

Since then the DOE has made the MySchoools account necessary not only to apply to middle school, also to Pre-K, kindergarten, high school, and the Gifted & Talented program.

You will:

- Use this account when your child needs to apply to a school or program;
- Create **one account** to use for all applications for all your children;
- Need a separate creation code for each child;
- Get this creation code from [Ms. Ferrara, Guidance Counselor](#).
