Tips for Finding the Perfect Fit

It's called growing up for a reason! With kids constantly on the grow you might not always know which size to select. All you need to find the perfect fit is a cloth measuring tape and a wall.

Measure over undergarments or fitted clothes for the most accurate results. Keep the measuring tape comfortable—not too tight and not too loose. Then, simply compare the measurements to the size charts below.

A

HEIGHT

Remove shoes, place feet together and stand straight with back against a wall. Measure from the top of the head to the ground.

B

CHEST

Stand up straight with arms raised in the air and measure around the fullest part of the chest.

C

WAIST

Stand up straight and measure around the natural waistline (the narrowest area of the waist).

D

HIP

Stand with feet shoulder width apart and measure at fullest point of hips.

Consejos para encontrar el ajuste perfecto

¡Se llama crecer por una razón! Con los niños en constante crecimiento, es posible que no siempre sepa qué talla elegir. Todo lo que necesita para encontrar el ajuste perfecto es una cinta métrica de tela y una pared.

Mida sobre ropa interior o ropa ajustada para obtener resultados más precisos. Mantenga la cinta métrica cómoda, ni demasiado apretada ni demasiado suelta. Luego, simplemente compare las medidas con las tablas de tallas a continuación.

A

ALTURA

Retire los zapatos, pida que junte los pies y que se pare con la espalda contra la pared. Mida desde la parte superior de la cabeza hasta el piso.

B

PECHO

Pida que se pare derecho con los brazos levantados en el aire y mida el contorno del pecho en la parte más ancha.

C

CINTURA

Pida que se pare derecho y mida alrededor de la cintura natural (el área más estrecha de la cintura).

D

CADERA

Párese con los pies separados al ancho de los hombros y mida en la parte más amplia de las caderas.
